## CAROLINA LIVE!—OUR MUSICAL HISTORY

### WHAT MUSIC TELLS US ABOUT HISTORY

In our show, we have some surprises for you! Did you know that since the early settlement of North Carolina, black and white musicians have played music together and have learned from each other?

The banjo came to North Carolina from **Africa**, and the fiddle came from **Europe**. Banjo players and fiddlers created a new American music—what we call “old-time” music.

Old-time music led to blues, jazz, bluegrass, gospel, and R&B. All these styles borrowed from and shared with each other. They all were a mixture of **African** and **European** music.

The music you’ll hear in the show blends African and European styles. This music is at the root of music we listen to today, such as country and hip-hop.

The North Carolina music greats celebrated in the show are some of the most important musicians in American history. They had a world wide musical impact, and their influence continues. North Carolina is still home to some of the best musicians in the country. People come here from all over the world to learn about our great North Carolina music.
